Legal&Tax Optimization for your Business Establishment in China

“Legal&Tax Optimization for your Business Establishment in China” is a seminar promoted by the China-Italy Chamber of Commerce and the Spanish Chamber of Commerce, organized and sponsored by DS Avocats and Mazars.

Under the circumstances of the recently amended regulations and reforms, important decisions on the establishment of your investment in China might not be as predicted. Unforeseen difficulties and risks can be encountered based on a misunderstanding or lack of knowledge of the Chinese legal and tax regulations. Choosing a determined place or business scope are key issues for the development of your business. The seminar will examine how, through practical legal and tax cases, particular corporate decisions may be taken to better rationalize your business in China. It will mainly focus on the following topics:

Topics discussed during the seminar shall investigate below aspects:

- ☞ Business scope, legal and tax consequences
- ☞ Ideal structure to manage more than one entity
- ☞ Interests to invest in China through an already existing company

Being a sponsored seminar, CICC informs our Members about the chance that Organizers might distribute advertising materials in the occasion of this event.
