

Shanghai, 15.6.2020

Subject: Italian National Pavilion at CIIF 2020, Shanghai 15-19.9.2020

Dear Members,

On 8th of June 2020, the signing ceremony of the Memorandum of Understanding (MoU) was held in Shanghai between the China-Italy Chamber of Commerce in China (CICC) and the China International Industry Fair (CIIF) Organizing Committee Office.

The Memorandum provides, in particular, that the CICC is the promoter and organizer of the Italian National Pavilion at the next CIIF, China International Industry Fair, which will take place at the Shanghai Hongqiao exhibition center from 15th to 19th September, 2020.

The 2019 edition recorded 280,000 square meters of exhibition area, with 2,600 exhibitors and 170,000 visitors. For 2020, the organizers are very determined to give a strong impetus towards the recovery and post-Covid-19 industrial development.

The main sectors of interest are in particular:

- Metalworking and CNC Machine Tool & Robotics
- Industrial Automation
- Environmental Protection Technology & Equipment
- Information & Communication Technology
- Energy Saving & Industrial Accessory
- New Energy Auto
- Scientific & Technological Innovation
- International Aviation Industry

For detailed information on the industrial sectors covered by this important event, please refer to the website in English at the following link: <http://www.ciif-expo.com/plus/list.php?tid=255> .

Immediately after the signing of the MoU, we began, in close and constructive collaboration with **ITA / ICE**, the preliminary organizational phases of the Italian Pavilion and we would like to know your preliminary interest in participating, in order to calibrate the commitment of the public system to support the sector of Italian mechanical Engineering in China.

Please fill in and send back the following list by **18.6.2020** to ciif@cameraitacina.com indicating your interest in:

1	Preliminary interest in participating, without obligation, in the Italian Pavilion at CIIF	yes	NO
2	Stand size 9 mq (3x3m);	yes	NO
3	other desired size (specify)_____mq	Yes	NO
4	If you would like to bring machines powered at 380V-50Hz	yes	NO
5	Other indications		

To facilitate and direct further communications, please indicate:

Legal Identity _____

First name and last name _____

E-mail address _____

Phone number _____

The above data are not binding, they will be used only to evaluate and define the setting of the stands and all the necessary technical services. Another formal communication will follow, by the end of June, to confirm your possible adhesion, complete with the technical offer and the relative prices.

For any clarification, the Shanghai office is at your disposal:

- Contact Antonella Fontanarosa
