

IGNITE: moving Ideas

CONTEST GUIDELINES

1. INTRODUCTION

- 1.1 “IGNITE: moving ideas” is a contest of ideas co-organized by the China-Italy Chamber of Commerce (CICC) and the Associazione Giovani Italiani in Cina (AGIC).
- 1.2 The contest is addressed to welcome teams of Italian and Chinese Students/Young Professionals (S/YP), resident in China for at least one semester during the ongoing academic year, and it aims to award the most creative and innovative ideas of the year.
- 1.3 The contest wishes to activate the regenerative thinking of S/YP in China and to give those ideas opportunities to be listened, discussed and, hopefully, become real projects.
- 1.4 Via the contest, S/YP are given the opportunity to present their ideas and be sure those ideas are intellectually protected by an officially recognized contest of ideas; furthermore, the chosen teams will be tutored by professionals and scholars in China, sponsored by well-established enterprises and judged by China’s experts. The most outstanding ideas will be awarded at the Golden Panda Award (Panda d’Oro) in June 2019 in Shanghai, China.
- 1.5 The logo of the contest reminds the Infinity of Zeno di Elea, a pre-Socratic Greek philosopher from Italy. The logo concept wishes at first to describe force beyond any natural element; and then to recall the harmonious circular shapes which are commonly used in China, as a tribute to the Country where the ideas were conceived in this celebration of creativity and innovation.
- 1.6 The contest aims to empower millennials, the future movers and shakers, in activating ideas that are rooted in our traditions and overlook the future.
