Motivation Letter

I moved from Bergamo to Shanghai in 2007. As a Chartered Accountant I focus on tax and accounting management in China. I cooperate with the Academia and I have been a founder of the Italian Scholar Association. I have covered roles for different chambers in the Far East and I've also covered roles for CICC working groups and the board previously. I would like to run for another term as Treasurer due to having experience with companies and associations and I believe I have helped to improve the admin management of the chamber. I think the coming months will be the most complex in terms of financial stability, profit and loss, budget and forecast for our chamber like for many other organizations. I would like to dedicate passion and professionalism that I always try to combine in all my projects.
